

cLEAN System

STOBER has been innovating and optimizing gearbox solutions for the food and beverage industry since 1997. Designed with decades of knowledge and experience, STOBER's new cLEAN system was created to provide a durable system that improves your plant's reliability.

Weep NO MORE Eliminate premature failure due to water ingress through the motor. The only motor you'll want in a washdown environment.

- Zero weep holes
- Double seals on motor cover and all connection points
- O-Ring in cable connection
- Designed to EHEDG Standards
- Available with resolver or encoder option for motor feedback
- Available with brake
- Available as an integral geared motor option- smaller footprint, bigger impact on your bottom line
