

STÖBER

MAKING YOUR FACTORY FLOOR SAFER WITH HYGIENIC DESIGN

Cleanable to microbiological Level/Sanitary Operational Performance

- IP69K Certified to withstand the harshest washdowns
- No keyway in our wobble free bushing. Keyways are often harborage points and breeding ground for bacteria.

Hygienic Design

- Design of STÖBER gearboxes prevents harborage of bacteria.
- Bacteria won't live long on our surface.
- Stainless steel options to withstand harsh chemicals.

Limit Human Interaction

- STÖBER gearboxes require no maintenance, meaning your crews won't be working on our unit.
- Eliminate possibility for contamination and keeps extra people off your production floor.
- Fast delivery also means you can limit your interaction with the storeroom.
- Simply install our product and have peace of mind.

NO Maintenance

- STÖBER gearboxes require no maintenance. Overhead applications are hard to maintain. Don't worry about our gearboxes leaking on your people or your floor.
- No leaks = no slips for your employees. It is also safe around food applications.
- Runs cooler than competitors, eliminating burn potential.

Easy Removal

- Easy motor and gearbox removal are possible with our superior design and wobble free bushing.
- Avoid pulling a muscle or hurting yourself removing the gearbox.

STOBER

Our Three Pillars

STOBER is your **trusted partner** in providing the ultimate customer experience. From unsurpassed quality to rapid response support to fast delivery, we are the **gold standard** for gearboxes.

With the new STOBER Configurator, engineers and designers will save time in product selection and designing. Everything is a simple click away!

World's Toughest Gearbox
Best components and quality
