

STÖBER

AFTERMARKET

SERVICE

STOBER has aftermarket service and repair available! Your units can quickly be inspected and repaired by our team located in Maysville, Kentucky.

REPAIR - REPLACE - RENEWAL

REPLACEMENT AND RENEWAL PROGRAMS

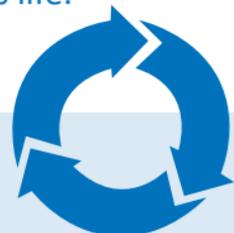

MOTOR ADAPTER REPLACEMENT PROGRAM

With STOBER, you can simply replace the input adapter!

KSS RENEWAL PROGRAM

STOBER's KSS stainless steel gear reducer can be renewed once it reaches the end of its life. We will rebuild and return it with a new 2 year warranty.

SAVE TIME & MONEY

- Reuse part of the reducer
- No new reducer purchased
- No storeroom transaction for replacement

STÖBER

MINIMIZE DOWNTIME

DOMESTIC GEARBOX AND MOTOR REPAIR

Troubleshooting, diagnostics, repair, and more can be done on BOTH motors and gearboxes!

- 4 levels of inspection
- Test motor on different 3rd party controllers on state-of-the-art tester
- Full component troubleshooting
- Hi-pot and continuity check on windings

Dedicated service team members will identify the failure type and help you reach a solution that will last longer!

REPLACEMENT AND PARTS

Our service members are available 24/7 to help with repairs. However, if you prefer to do repairs yourself, you can order the parts from STÖBER.
